Subject: Re: NEPA/CEQA Tech Team Meetings

I just sent an appointment.

I recommend we convene next week (October 9). With the comment period closing, it would be helpful to start walking through the possible agency comments on the EIR/EIS.

My recommendation is that these agencies discuss their potential comments on the following dates (but I'm totally open to suggestions for changes or different timing). Knowing what agencies might be offering comments will help us gear towards getting the appropriate technical staff in the room.

1. EPA 10-9-15
2. USFWS & NMFS - 10 - 16-15 (let me know if you'd like to split these up into two different meetings - I thought perhaps there may be some overlap).
3. Corps - 10-23-15

DFW - would you like to talk about any potential comments? Please let me know. And if so, please let me know your preferred timing.

Please e-mail me back with your suggestions or if these dates will work for you and your staff.

I greatly appreciate your diligent review of the RDEIR/SDEIS and look forward to meeting.

Michelle

Hi All,

It occurred to me that I need to schedule future NEPA/CEQA tech team meetings for our Friday morning slot. I will do so to get a placeholder on your calendars.

With that said, how are you all coming along with your review of the RDEIR/SDEIS? I think in the next couple of weeks it might be good to sit down and talk about any potential questions you may have related to your review prior to the close of the comment period on October 30, 2015.

Thanks for your feedback. Feel free to call me any time.

Michelle
